Light Industrial grade underwater ROV for professional and enterprise customers.

CHASING

CHASING M2 Pro

is a professional underwater ROV designed for professional users and industrial applications. M2 Pro has 8 Vectored Thrusters layout which allows OMNI movement in all directions. Compared to the CHASING M2, the M2 Pro motor has been upgraded by 50%. The Maximum speed is 4 Knots, depth is 150 meters (490 FT) and the maximum horizontal radius is 400 meters (1300FT). M2 pro support AC and battery hybrid power supply to achieve unlimited battery life. Not only compatible with sophisticated attachments such as Grabber Claw, Floodlight and laser scaler etc, but also compatible with Control Console (High-brightness Screen), Docking station, USBL underwater positioning, 700Wh battery, Multibeam sonar, Auxiliary Camera and other M2 Pro Exclusive Enhanced Accessories. CHASING M2 Pro offers a built in 4K/ 1080p and 12 megapixel EIS image stabilization camera, 4000 lumen LED lights, removable battery and removable Micro SD memory card. The aluminum alloy compact body (weighs less than 6KG / 13lbs) allows single person operation and Quick-Deployment in 3 minutes. The CHASING M2 Pro is your portable, easy use and reliable light industrial underwater ROV.

Stronger power,
4 Knots Speed

700Wh battery,
5 hours battery life

Unlimited battery life
with AC power supply

USBL underwater positioning,
Multibeam sonar and
more accessories

Maximum dive depth
150 meters(490 FT)

4K+EIS Image
Stabilization,
F1.8 Aperture

Stronger power, 4 Knots speed

→ 8 Vectored-Thrusters Layout, Anti-Stuck Motor.

→ Single motor power 150W, allows OMNI movement in all directions with 4 Knots speed(2m/s).

700Wh battery, 5 hours battery life

The default 300Wh lithium battery , Optional 700Wh Replaceable Battery(support Hybrid power supply) will make your operation time unlimited.

  Optional

Unlimited battery life with AC power supply

Support AC power supply (optional), to achieve truly unlimited battery life.

USBL underwater positioning, Multibeam sonar and **more accessories**

Control Console (High-brightness Screen), Docking station, USBL underwater positioning, 700Wh battery, Multibeam sonar, Auxiliary Camera and other M2 Pro Exclusive Enhanced Accessories

Multibeam sonar

Support model:
Blueprint
Oculus/M370S/M750D/M1200D

4K+EIS Image Stabilization, F1.8 Aperture

M2 Pro offers 4K and 1080p video and 12 megapixel photos. Equipped with 1/2.3 SONY CMOS, EIS anti video-shake feature, with 4000 lumen LED lights to capture underwater details.

Applications

- Underwater search and rescue
- Water conservancy and hydropower inspection
- Scientific exploration
- Hull&Dock inspection
- Aquaculture inspection
